Interstate, Interstate...No, Not...THE INTERSTATE!!!

Angela,

Remember as a child how you were terrified of the Interstate?
As you travel on in life, do not be afraid to take life's different hiways and interstates.

Love,
Mom, Dad and Brother J

JAMI WEBB

My Jami how do I ever begin to write
My Love for you, expressing it with all my might,
I am so proud of you and pray for the very best.
You deserve it, you've made it! You've passed the test,
Through the years I've enjoyed watching you grow,
Many fun times we had, you are my joy, you know.
I can remember your first tooth, boy, you could drool,
Seems like only yesterday that you started school.
Now you must realize and know on this day,
It's time for you to put the pom-poms away.
I know you'll succeed in what you set out to do
Your goals will be reached, I have faith in you.
Hold your head high, leaving with a smile on your face,
Because in your life you've shown God takes first place.

I Love You Deeply,

Mom

when tomorrows become

todays... and future expectations become realities—graduation, a job, college, a home—you assume new responsibilities.

Just as we do. Because when customers need electric service, we are obligated to provide it.

And we always knew that you and your classmates might one day be our customers. That's why we started planning for today ten years ago, so that we could provide electricity for the lifestyle you choose.

We hope we can supply electricity for all your tomorrows, too.

BEFORE YOU SIGN THIS AUTOGRAPH,

In ten years, I want to be:

THINK ABOUT WHAT YOU'RE GOING TO SAY.

Deciding on a career may seem like something you can always put off until tomorrow. But the best time to begin planning your future is now. Because the earlier you start studying for your career, the better your chances of being successful.

Careers in health care can be rewarding, both personally and financially. The opportunities for advancement are excellent, and good jobs are available almost anywhere you choose to go.

Training for the health related fields listed below is available through local colleges. And Princeton Community Hospital can provide student loans to assist with your education in some health-related careers.

MEDICAL TECHNOLOGIST—Provides vital analysis to the physician for use in diagnosing illnesses

RADIOLOGY THERAPIST—Provides diagnostic information through the use of x-ray equipment.

RESPIRATORY THERAPIST—Provides vital diagnostic testing and therapy for cardiac and respiratory patients to aid in their recovery

REGISTERED NURSES —Provide direct care for the health and well-being of all patients

If you are interested in a health-related career, contact the Human Resources Department at Princeton Community Hospital at 487-7507 or 325-5459, ext. 507.

SIX REASONS WHY IT IS DIFFICULT TO BELIEVE THAT THE HUMAN RACE HAS THE ANSWER TO ANY QUESTION THAT WILL HELP US "LOVE OUR NEIGHBOR".

1.The single person household is the fastest growing real estate unit in the nation! 2. Fifty percent of marriages end in divorce! 3.Twenty percent of births are out of wedlock! 4.One high school student in seven admits to having attempted suicide! 5.The perpetrator of one in five homicides is a member of the victim's family! 6.Sixty percent of Americans in a recent Time/CNN poll felt the pace at which they are living hurts their health!
